

The University Hospital Bonn (UKB) is a maximum care hospital with more than 1,300 beds. Our more than 9,000 employees take on tasks in research, teaching and patient care as well as in public health at the highest level. In the science ranking (LOMV) and in the economic result, the UKB is number 1 of the university hospitals in NRW and in 2021 had the third highest case mix index of the university hospitals in Germany.

The **Institute of Pharmacology and Toxicology**, Faculty of Medicine, University Hospital Bonn, Director **Prof. Dr. Alexander Pfeifer**, offers a full-time postdoc position (**38,5 hours per week**):

## Postdoc position (m/f/d) Viral Vectors & Gene Therapy

The position is limited to 30.06.2027 due the project with the option of prolongation.

### Tasks:

---

- Design of viral vectors for in vitro and in vivo gene therapy models
- Production of „high titer“ viral vectors in the existing viral vector platform at the Institute of Pharmacology and Toxicology
- Support of collaborative projects with tailored viral vectors (e.g. in the frame of TRR259 & TRR333)

### Requirements:

---

- Successfully completed PhD studies of biology or other relevant studies in the Life Sciences
- Ideally first professional experience as postdoctoral researcher and first experience with viral vectors
- Very good organisational and communication skills
- Structured, efficient and independent working style
- Very good German and English language skills

### We offer:

---

- **Responsible and versatile:** a job with a lot of creative freedom in a collegial team
- **Secure in the future:** fee according to TV-L EG13
- **Flexible for families:** flexible working time models, the option of a place in the company day-care center and offers for those returning from parental leave
- **Provision for later:** company pension scheme
- **Clever to work:** Possibility of an interest-free loan to buy an e-bike
- **Tailor-made education:** Subsidized further education and training
- **Systematic start:** Structured induction
- **Healthy at work:** Numerous health promotion offers, free membership in UKBfit
- **Employer benefits:** preferential offers for employees (corporate benefits)

We are committed to diversity and equal opportunities. Our goal is to increase the proportion of women in areas where women are underrepresented and to particularly promote their careers. We therefore urge relevantly qualified women to apply. Applications are treated in accordance with the State Equal Opportunities Act. Applications from suitable people with proven severe disabilities and those of equal status are particularly welcome.
